Purchase Order #: PAUL LUNDHOLM -  
RIVERVIEW

#	Date	Product or service	SKU	Qty	Rate	Amount
1.		<b>Boiler Service</b> We supplied labor, material and equipment to replace (2) failed "Baldor" pumps, (1) "Armstrong" pump, (3) valves, pump contactors and misc piping located at Riverview Middle School in Baypoint, CA. Work consisted of isolating power and draining water from the system. Disconnecting the wiring to gain access, disassembled piping and pumps, made necessary piping repairs and set (3) new "Armstrong" pumps in place. Reconnected all wiring with new pumps and wire in new contactors. Turned on breakers and recommission boiler and tested the system to ensure pumps are working properly.		1	\$37,807.65	\$37,807.65
					<b>Total</b>	<b>\$37,807.65</b>
