SNAP-ON®

MULTIMETER CERTIFICATION

The **Snap-on Multimeter Certification** is awarded to students who have been trained in the use of Snap-on advanced electrical monitoring equipment. The knowledge and experience gained in this critical discipline are **TOOLS FOR LIFE** essential to a successful career in critical industries such as automotive repair, transportation, wind power, manufacturing, HVAC, and robotics.

This certification includes training on the problem-solving capabilities of Snap-on digital multimeters — the same technology used by professionals in the workplace. Training is focused on subjects from basic applications to advanced troubleshooting.

This certification provides a widely recognized endorsement of technical expertise and demonstrated achievement. When students successfully complete this Snap-on certification, they obtain one of the most requested skills in the industry today.

COURSE CONTENT INCLUDES:

- Multimeter controls and operation
- Meter display readings and symbols
- Importance of proper terminal connections
- Basic applications
- Troubleshooting techniques
- Hands-on operation of Snap-on multimeter models:
 - » EEDM504D auto ranging
 - » EEDM525D auto ranging, true RMS
 - » EEDM575D digital clamp on
 - » EEDM596D true RMS, USB to PC, graphing software
 - » EEDM604D auto ranging, true RMS, CATIII certified 650 meter certification
- Lab exercises
- Online testing

BUILDING TOOLS FOR LIFE

Snap-on S-Tech certifications provide a return on technical education investment through hands-on training and state of the art tools and equipment. **The Snap-on Multimeter Certification** connects directly to the following academic subject areas:

- Auto Collision Repair & Refinishing
- Industrial Maintenance
- Automotive Maintenance Technology
- Electromechanical
- Agribusiness & Science Technology
- Nuclear Technology
- Wind Energy Technology

Students earn Snap-on S-Tech certifications as proof of achievement. These NC3-backed, stackable credentials increase employment potential and on-the-job productivity in industries such as:

- Automotive Repair
- Aviation/Aerospace
- Diesel/Heavy Duty
- Electrical
- Energy
- Engineering

For more information and to find the certification school nearest you, please visit www.education.snapon.com, or email: education@snapon.com.

Snap-on is a proud partner of the National Coalition of Certification Centers.

SNAP-ON® AND STARRETT®

PRECISION MEASURING INSTRUMENTS CERTIFICATION

The successful completion of the **Snap-on Precision Measuring Instruments Certification** enables graduates to demonstrate a solid understanding of the fundamentals of working with precision measurement instruments. The skills acquired during this comprehensive training are valuable **TOOLS FOR LIFE** that can lead to rewarding careers in a vast array of industries in the global marketplace.

Precision measuring is the cornerstone of quality in products and services many people rely upon each day. Starrett, Snap-on and NC3 combined their industrial experience and expertise to create a certification that includes hands-on training on instruments that are vital to engineering, manufacturing, aerospace, power generation, and natural resources, to name a few. Those who earn this certification will be proficient in the use of a variety of instruments ranging from tapes and rules to calipers and micrometers.

COURSE CONTENT INCLUDES:

- Tape and Rule Measurement
- Side Caliper Measurement
- Gauge Measurement
- Angle Measurement
- Micrometer Measurement
- Dial Gauge Measurement

BUILDING TOOLS FOR LIFE

Snap-on certifications provide a return on technical education investment through hands-on training and state of the art tools and equipment. **The Snap-on Starrett Precision Measuring Instruments Certification** connects directly to the following academic subject areas, and not limited to:

- Auto Collision Repair & Refinishing
- Carpentry
- Industrial Maintenance
- Millwright
- Machine Tool Operation
- Nuclear Technology
- Transportation Technology
- Energy Production & Distribution

Students earn Snap-on certifications as proof of achievement. These NC3 stackable credentials increase employment potential and on-the-job productivity in industries such as:

- Manufacturing
- Metrology Lab
- Metal Working
- Aerospace
- Transportation
- Energy

SNAP-ON®

MECHANICAL AND ELECTRONIC TORQUE CERTIFICATION

The **Snap-on Mechanical and Electronic Torque Certification** is awarded to students who successfully achieve proficiency in the use of torque tools. In-depth knowledge of torque theory, and experience in wrench selection and torque application form **TOOLS FOR LIFE** that enable technicians to be productive, efficient, and safe when using torque instruments in a wide variety of industries.

Whether a technician is just starting out, or a veteran of the shop, a working knowledge of torque theory and application is a fundamental requirement for any engineering, maintenance service or repair position. As the leader in torque instruments, Snap-on developed a certification course that includes hands-on classroom training and advanced lab exercises.

This certification provides a widely recognized endorsement of technical expertise and demonstrated achievement. Students who successfully complete the course obtain the training and professionalism required to be safe, accurate, and proficient on the job.

COURSE CONTENT INCLUDES:

- Tool Safety
 - » Hand Tools
 - » Electrical Tools
- Principles of Fasteners
- Understanding Torque Theory
 - » Clamping Force
 - » Bolt Elasticity
 - » Use of Extensions
- Hands-on Operation of Torque Tools:
 - Mechanical Instruments
 - » Click-type Wrenches
 - » Dial-type Wrenches
 - Electronic Instruments
 - » Torque-angle Instruments
 - » Lightweight Micro Torque Wrench
 - » Digital Torque Screwdriver
 - Training Aids
 - » Digital Torque Testers
 - » Skidmore Wilhelm Device
 - » Torque Stand

SNAP-ON®

BATTERY, STARTING, AND CHARGING CERTIFICATION

The successful completion of the **Snap-on Battery, Starting, and Charging Certification** enables graduates to demonstrate a solid understanding of battery, starting, and charging diagnostics, jump-starting tools and service equipment. The skills acquired during this comprehensive training are valuable **TOOLS FOR LIFE** that can lead to rewarding careers in a vast array of industries in the global marketplace.

Snap-on and NC3 combined their industrial experience and expertise to create a certification that includes hands-on training using tools fundamental to transportation careers. Those who earn this certification will be proficient in the use of charging, jumping and testing equipment as well as the safety measures required for this fundamental skill.

COURSE CONTENT INCLUDES:

- Identification and safe operation of starting and charging equipment
- Obtaining and interpreting accurate battery system data
- Tool and equipment care and maintenance
- Types and classifications of batteries
- Battery construction and operation
- Battery maintenance

BUILDING TOOLS FOR LIFE

Snap-on certifications provide a return on technical education investment through hands-on training and state of the art tools and equipment. The **Snap-on Battery, Starting, and Charging Certification** relates directly to the following academic subject areas, including:

- Automotive and Diesel Transportation Technology
- DC Electrical Circuitry

Students earn Snap-on certifications as proof of achievement. These NC3 stackable credentials increase employment potential and on-the-job productivity in industries such as:

- Recreational Vehicles
- General Automotive
- Light-duty Diesel

For more information and to find the certification school nearest you, please visit www.snaponcertification.com, or email: education@snapon.com.

Snap-on is a proud partner of the National Coalition of Certification Centers.

Battery, Starting, and Charging

Snap-on certifications are compatible with other industry recognized certifications. Certifications are developed and administered with NC3 (National Coalition of Certification Centers).

Request for Taxpayer Identification Number and Certification

Give Form to the
 requester. Do not
 send to the IRS.

▶ Go to www.irs.gov/FormW9 for instructions and the latest information.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Snap-on Incorporated

2 Business name/disregarded entity name, if different from above

IDSC Holdings LLC dba Snap-on Industrial, a division of IDSC Holdings LLC

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

Individual/sole proprietor or single-member LLC C Corporation S Corporation Partnership Trust/estate

Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

Other (see instructions) ▶ _____

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) 5

Exemption from FATCA reporting code (if any) D

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

2801 80th Street

6 City, state, and ZIP code

Kenosha, WI 53143

7 List account number(s) here (optional)

Requester's name and address (optional)

Print or type.
See Specific Instructions on page 3.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number									
or									
Employer identification number									
3	9		0	6	2	2	0	4	0

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here	Signature of U.S. person ▶	Date ▶ <u>MARCH 26, 2018</u>
------------------	----------------------------	------------------------------

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

RE: Snap-on Certification Kit Sole Source Letter

Dear Administrator,

This letter is in reference to the equipment and training required by the National Coalition of Certification Centers (“NC3”) for completion of the following programs: Snap-on Scanner, Heavy Duty Diesel Scanner, Torque, Precision Measurement Instruments, Wheel Service and Alignment, and Multi-meter Certification Training Programs. Snap-on Industrial, a division of IDSC Holdings LLC, (“Snap-on”) is the sole source for the certification kits listed on the attached document entitled “Certification Kits”. No other company can provide *all* of the items in each of the necessary kits to you in the form of a single kit. The items in these kits are either manufactured or sourced by Snap-on and Snap-on sells these kits exclusively to education entities.

Snap-on sets the industry standard in providing the “Train-the-Trainer” programs that enable educational institutions to provide certification programs. The stackable third-party certifications are issued through NC3, which also oversees the training and curriculum and ensures that the programs meet nationally recognized standards. The kits quoted in this package are required materials for students enrolled in the NC3 program, and the kits are designed to work in conjunction with each other.

If you need additional information, references, bid specifications or if you have further questions regarding the Certification Training Programs or the certification kits, please do not hesitate to contact me at [\(925\) 809-5281](tel:9258095281) or Bob.N.Furton@snapon.com. We are proud to partner with hundreds of educational institutions around the country, and we are looking forward to working with your institution to make the “Train-the-Trainer” programs a success.

Best regards,

A handwritten signature in black ink, appearing to read "Robert Furton". The signature is fluid and cursive, written over a white background.

Robert Furton
Account Manager
Snap-on Industrial, a division of IDSC Holdings LLC

CTEIG CAPITAL OUTLAY REQUEST FOR CDE PRE-APPROVAL**District Name:** Mount Diablo Unified School District**YEAR:** 2018-19

Please use this form to request and justify capital outlay expenditures for the Career Technical Education Incentive Grant.

Capital outlay is defined as any single item purchase of \$5,000.00 or more. **Please check all that apply:**

- Directly relates to a career technical education (CTE) program approved for assistance with Perkins funds in the LEA's local plan;***
- Intended to improve, enhance or expand the CTE program;***
- "Necessary" and "reasonable" for proper and efficient administration of the CTE program;***
- Add to the district's historical inventory system when received; and***
- Specific to the CTE program—as opposed to a general expense required to carry out the agency's overall responsibilities.***

Please complete each item below.**District Address:** 1936 Carlotta Drive**City, Zip:** Concord, CA 94519**CTE Coordinator:** Heather Fontanilla**Phone:** (925) 682-8000 x 4011**CTE Advisory Chair Name and Meeting Date:****CTE Teacher Name and Credential:** Greg J Golsan – Designated Subjects: Automotive Mechanics (R4FV-AM1)**Industry Sector:** Transportation**Career Pathway:** Vehicle Maintenance, Service & Repair**List Sequence of Courses (minimum of 300 hours):** Transportation Tech I (180 hrs.), Transportation Tech II (180 hrs.), ROP Automotive Technician (180+ hrs.)**CTE Equipment Name:****School Receiving Equipment:** Concord High School (CHS)

- Snap-on - Zeus Diagnostic Scan Tool & Information System
- Snap-on - Pressure Washer, Cart Mounted, Electric Power/Oil Fired
- Snap-on/NC3 - Mechanical & Electronic Torque Certification Module
- Snap-on/NC3 - Multimeter Certification Module
- Snap-on/NC3 - Battery, Starting, and Charging Certification Module
- Snap-on/NC3 - Precision Measuring Instruments Certification Module

Total cost of items \$5,000+: \$107286.97Is total cost split-funded: **CTEIG** \$ _____ **Other** \$ _____

Description of Equipment:

- Snap-on - Zeus Diagnostic Scan Tool & Information System (\$13741.58)
 - Scan tool, batteries and charger. (Current accessories for outdated scan tool transfer.)
- Snap-on - Pressure Washer, Cart Mounted, Electric Power/Oil Fired (\$6527.34)
 - Pressure Washer, hose, wand attachment, GFCI-protected power cord
- Snap-on/NC3 - Mechanical & Electronic Torque Certification Module (\$16452.08)
 - 3 ea. - Mechanical-, electronic torque instruments, tools, accessories, storage cart, curriculum

Please contact your CTE consultant with questions or call CDE's general number at 916-324-5706.

04/16

Please, attach this form to the quote for the item being purchased and email both to your CDE-CTE Consultant.

- Snap-on/NC3 - Multimeter Certification Module (\$17174.34)
 - 10 ea. Multimeter Models: EEDM504D, EEDM525D, EEDM575D, EEDM596D, EEDM604D, 10 ea. Clamp-on probe, storage cart, curriculum
- Snap-on/NC3 - Battery, Starting, and Charging Certification Module (\$5678.11)
 - 3 ea. - Battery service tools kit, Jumper pack, VAT electronic tester, Battery charger plus, accessories, curriculum
- Snap-on/NC3 - Precision Measuring Instruments Certification Module (\$47713.52)
 - 1 ea. Measurement Kit for Tape and Rule, Slide Caliper, Gauge, Angle, Micrometer, Dial, PMI Lab Block Kit, storage cart, curriculum

Use of Equipment within Sequence of Courses:

Snap-on - Zeus Diagnostic Scantool & Information System: Students are introduced to scan tools and code readers, including the Snap-on - Zeus Diagnostic Scantool & Information System , in Transportation Tech I in order to perform basic diagnostic code retrieval. Transportation Tech II and ROP Automotive Technician courses make significant use of diagnostic scanners, graphing multimeters, and lab scopes to diagnose specific problems with modern automobiles. The Zeus Diagnostic system includes all of the above functions, and includes diagnostic procedures, repair procedures, and professional tips.

Snap-on - Pressure Washer, Cart Mounted, Electric Power/Oil Fired: Transportation: Tech II and ROP Automotive Technician students extend their learning to significant automotive repairs. The requested Snap-on heated pressure washer, used in preparation for repairs, allows the CHS Automotive Technology facility to meet requirements of the National Automotive Technicians Education Foundation (NATEF), and industry standards for automotive technician training programs.

Snap-on/NC3 - Mechanical & Electronic Torque- ; Multimeter- ; Battery, Starting, and Charging- ; Precision Measuring Instruments Certification Modules: Portions of each module will be implemented throughout the sequence of courses in our CHS Transportation Pathway. Students have the opportunity to earn stackable, industry recognized, third-party certifications for improved employability and job placement that apply across many different industry sectors, including: Automotive repair, aviation and aerospace, fleet management, energy and natural resources, HVAC and building management, small engine, racing, manufacturing, and construction.

What skill attainment will this equipment purchase provide CTE students in this Career Pathway:

Snap-on - Zeus Diagnostic Scan Tool & Information System: Students learn how to operate current scan tool technology, gather and interpret vehicle sensor output waveforms, retrieve diagnostic information and trouble codes using the Snap-on - Zeus Diagnostic Scan Tool & Information System.

Snap-on - Pressure Washer, Cart Mounted, Electric Power/Oil Fired: Students learn basic automotive repair preparation procedures and the necessary safety considerations for equipment use using the Snap-on - Pressure Washer.

Snap-on/NC3 - Mechanical & Electronic Torque Certification Module: Students attain a working knowledge of torque theory and application that is fundamental to any engineering, maintenance service, or repair position, and is applicable across multiple industry sectors. Additionally, students learn how to proficiently operate both mechanical and electronic torque measuring instruments and tools.

Snap-on/NC3 - Multimeter Certification Module: Students attain basic applications skills, through advanced troubleshooting skills, using a variety of advanced electrical monitoring equipment.

Snap-on/NC3 - Battery, Starting, and Charging Certification Module: Students earning certifications through this module will be proficient in the use of charging, jumping and testing equipment, as well as, the safety measures required for this fundamental skill set.

Snap-on/NC3 - Precision Measuring Instruments Certification Module: Students earning certifications through this module will be proficient in the use of a variety of measuring instruments ranging from tapes and rules to calipers and micrometers.

Please contact your CTE consultant with questions or call CDE's general number at 916-324-5706.
