Dear Jennifer,

Since 1992 Stephenson Custom Case Company has been the sole creator, manufacturer, and distributor of our Frontline Responder Emergency and Port Equip Work Station case products, for the health, sporting and culinary industries.

For 2018, our *new all-aluminum Chef's Mobile Kitchen* is a lightweight, heavy duty and water resistant commercial grade kitchen while providing all the necessary requirements. Ergonomically designed, certified and constructed with the highest standards and materials will ensure years of efficiency in all environments.

The *CMK* is available with a wide variety of options while protected by a complete one year warranty.

We build thousands of cases, for hundreds of customers each year and always provide the best built case products at the lowest prices.

Regards,

John Stephenson
President,
Stephenson Custom Case Co.
