Arts Integration

- Common Core and Arts integrated lessons in the Wheel and general classrooms
- Focus 5 - “Actor’s Toolbox”
- VTS – Visual Thinking Strategies
- Tableau, Act it Out, In and Out
- Crayola Workshops

“I think the art is really helping us learn, but in a fun way...We are doing

‘Act It Out’ with math word problems. We also are doing ‘In and Out.’ That is when we use vocabulary and act it out.”

– Chelsea A.

“Act It Out”

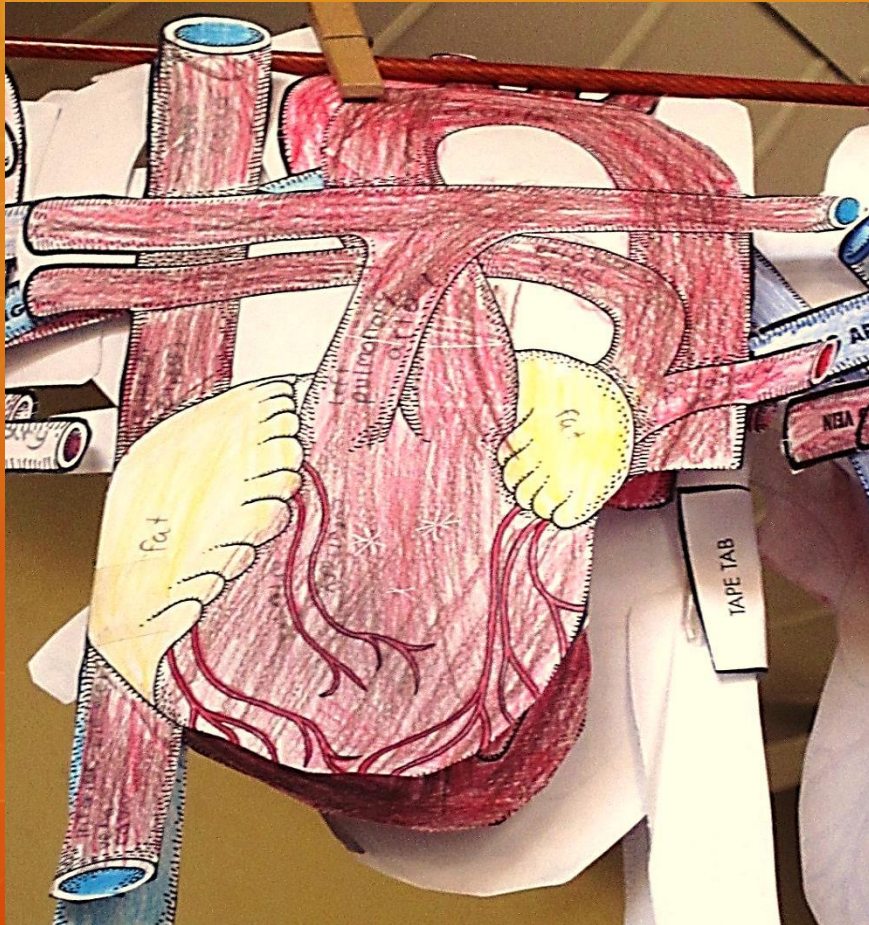

“Volume = Amount”

“The arts programs are really helpful in many ways. It helps us learn physically and creatively. Dance keeps us moving and art helps our creativity grow and drama helps us feel confident about our voices and our acting. We also do projects in our own classes like science projects and drawing.”

- Racqyl

Heart Model

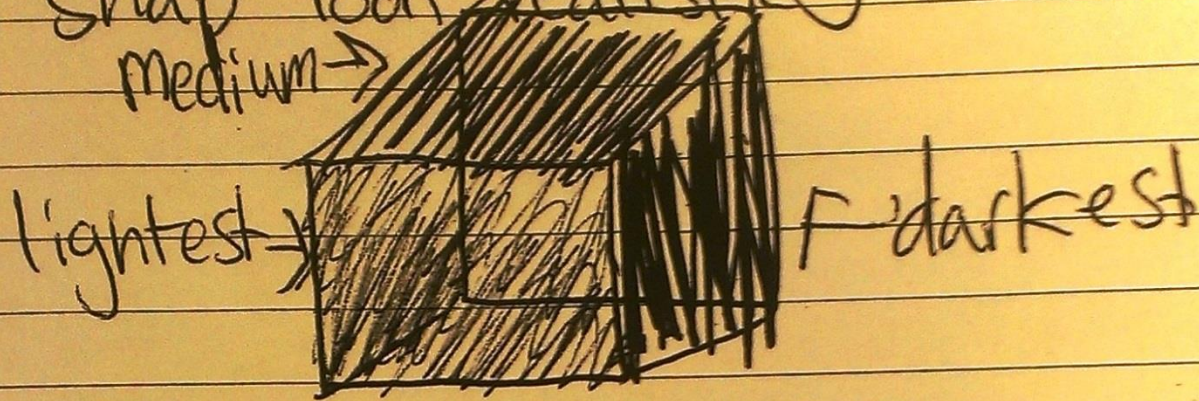

Figurative Heart

Dear Mom,

During this week of school
I learned some amazing things.
On Wed Day we went to
art and I learned that just
some simple shading can make
a shape look realistic

Sincerely your
daughter
Savanna

Arts Impact

- ❖ Learning through multiple modalities
- ❖ Deepened comprehension
- ❖ Increased resilience
- ❖ Enhanced problem solving
- ❖ Motivated and engaged students
- ❖ Increased connections between subject matter
- ❖ Improved attendance
- ❖ Fewer behavior referrals
- ❖ Better school reputation

“My son loves the arts.
Last week on wheel day, he
had a temperature of 105.
He cried because he
couldn't come to school.”

– Parent of a Meadow Homes
1st grader
