DESCRIPTION

U-Shaped individual desk dividers are produced from a 30pt Polycarbonate material die cut with the radius corners.. There are two sizes – 1.) 20 inches tall, 2.) 23 inches tall w/ handles for the kids to fold up and carry in between classes. This divider is designed to standup, but we also provide two feet which go on the bottom and provide extra stability.

STOCK

30pt Polycarbonate (Premium option) / Plastic feet

SIZE

No Handles: 49.5x20 flat (22 across the back, 13.75 each side panel)

With Handles: 49.5x23 (22 across the back, 13.75 each side panel, plus die cut holes for divider to fold together and carried)
The Poly carbonate only goes up to 23 inches with handles

PACKAGING

Will ship flat and arrive on pallets. These will be folded on property. Each divider comes w/ two plastic feet.
