Statement Regarding Interest in Serving on the MDUSD Bond Expenditures Oversight Board

My daughter is a Junior at Northgate High School. I have taken an active interest in all MDUSD happenings over the past few years. I know MDUSD has been identified as one of those districts that may not have been as fiscally responsible as of late as other districts. I am hoping to contribute to the Board so that MDUSD gets its financials in order. My understanding from listening in on one of the MDUSD Board meetings is that managerial staff was still in place to manage Bond allocation monies many years past the allocation of such large amounts, and that some of those staff might not have their contracts renewed given the lack of need. I hate to hear about things like this where oversight might have made a difference and saved the district money.
