

California Department of Education

Certificate of Recognition

is presented to

Mt. Diablo Unified School District

In honor of your selection by the
California Department of Education as a
2018 Model School Attendance Review Board.

Your program offers outstanding student
support for the prevention, early intervention,
and intensive intervention of school attendance
and behavior problems.

Your work is contributing to my goal of reducing
chronic absenteeism and dropout rates.

I extend my appreciation for your achievement
as a model for other School Attendance Review
Boards throughout the state.

Congratulations on this well-deserved honor,
and best of luck in your future endeavors.

Tom Tomblason

State Superintendent of Public Instruction
