Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
Additional Targeted Support and Improvement
The purpose of this plan is to provide transparency to all community partners including parents, staff, and community on budget allocation and expenditures beyond base funding of Local Control Funding Formula, as they relate to improving academic performance for all students. Valley View Middle School has been identified for ATSI for the following student groups: Students with Disabilities.

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Valley View Middle School has four goals included in this SPSA that each align with MDUSD's LCAP goals. Through the use of school wide collaborative systems, our school engages in cycles of inquiry to continuously improve student learning, staff development, parent outreach, and targeted student support. Valley View empowers students starting with the Leadership class who are highly engaged and instrumental in designing activities to promote a positive school climate. Layered on that are the Jaguar Pride Pillars of Safety, Respect Responsibility and Kindness. There are reward campaigns every quarter to provide student focus on each of these pillars. Our staff meets regularly in a variety of groups led by the VVLT leadership team to ensure that information is shared within departments, across grade level teams, and among the entire staff. Valley View has been heavily focused on rebuilding Social Emotional Learning (SEL) skills for our students as they continue to rebound from the pandemic. This year Valley View continues this work as we widen our focus to support improved academic outcomes as we explore equitable grading practices and differentiated instructional strategies.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Input and feedback was collected through PTSA meetings, SSC meetings, and VVMS Staff meetings. The feedback from parents was that there is an appreciation for the focus on social emotional learning and they would like to see continued support and additional resources (i.e. middle school sports program) for their students. Many students have still been struggling with anxiety and social skills post-pandemic. Staff would like additional personnel, professional development resources, and/or classes for students to support accelerated student learning. Students would like additional activities such as clubs to engage in, especially during lunchtime.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Administration conducts classroom observations on a weekly basis. Most visits were short in duration as a check in to ensure the wellbeing of students. Teachers requested support calls to receive targeted support for specific students who were experiencing behavior challenges. During the year, students were engaged in learning and provided opportunities to receive direct instruction and to work collaboratively with their peers. There is a variety of room/desk arrangements ranging from table groups to students seated in rows. For the upcoming year, the Math Department will pilot an Instructional Rounds program to provide opportunities for teachers to watch one another teach as they implement new strategies to further improve student learning.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

District assessments and state assessments were reviewed during whole staff meetings to determine overall student progress and compare that with student group data. Data was further reviewed and disaggregated during department meetings. Valley View staff engaged in Cycles of Inquiry to compare year-to-year and or quarter-to-quarter student progress.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Data was reviewed regularly to assess student progress. District assessments were reviewed quarterly, departments reviewed site-level assessments on a monthly basis. Valley View's CARE team also met weekly to review student data and determine additional supports for struggling students. During each data review, teachers discussed best practices and identified instructional changes to support improved academic and behavioral outcomes.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

During the 2022-2023 school year, one position remained vacant for the duration of the year and was covered by substitute teaching staff.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All staff are appropriately credentialed and have access to adopted materials. MDUSD provided training for newly adopted curriculum.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff participates in site-based and outside professional development aligned with district and site initiatives, such as learning acceleration and MTSS, and well as individual professional needs.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Newly credentialed teachers received support and were assigned mentors through MDUSD's TISP program. Valley View also has designated a teacher as the technology instructional lead (TIL) who provides support in integrating technology into instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Valley View uses a rotating weekly meeting cycle to ensure that teachers have opportunities to meet in a variety of groups: grade level, department, leadership, and whole staff. The cycle of these meetings is designed to support teacher collaboration and professional learning.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

MDUSD provides opportunities for departments to collaborate district-wide to align and refine alignment of the curriculum and instruction. During the 2022-23 school year, the entire math team participated in meetings to identify priority standards and revise the annual pacing calendar.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

All met.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Valley View teachers primarily used learning acceleration and differentiated instructional practices to address the learning needs of each student within each classroom.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All classrooms and students have access to appropriately aligned board approved and supplemental instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All classrooms and students have access to appropriately aligned School Board approved instructional materials.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Valley View teachers primarily use learning acceleration and differentiated instructional practices (including Tier II interventions) to address the learning needs of each student within each classroom. Students who do not respond to Tier II classroom instruction are referred to the CARE team for additional resources and support.

Evidence-based educational practices to raise student achievement

Teachers use a variety of instructional practices to support student learning such as: think-pair-share, structured collaborative work, frequent check ins, increased visuals, graphic organizers, structured breaks, cloze notes, and learning acceleration (quick spiral reviews).

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Students who do not respond to Tier II classroom instruction are referred to the CARE team for additional resources and support. Supports may include SST, IEP, or 504 meetings and referring families to resources such as Wraparound Services.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

MDUSD facilitates parent involvement. Valley View parents participate in the school program through School Site Council, ELAC, meetings with school staff and administration, and PTA.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

The books, materials, online instructional programs, and personnel that are outlined in this SPSA all enable underperforming students to meet standards.

Fiscal support (EPC)

The books, materials, online instructional programs, and personnel that are outlined in this SPSA all enable underperforming students to meet standards. Mt Diablo Unified distributes targeted supplemental funds to support site initiatives in the Local Control Accountability Plan and in each school's School Plan for Student Achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents were included in the development of this plan through feedback opportunities presented at PTSA and SSC meetings. These meetings were advertised to the entire parent and staff community and hosted online to encourage broad participation. Teacher input was included through opportunities during staff meetings. Students input was included through the Leadership class and SSC. Valley View's four goals are aligned with MDUSD's LCAP goals.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Valley View Middle School does not receive funding through Title I, and receives very limited financial support through our PTSA. This means that our school is limited in its ability to add targeted support through the addition of personnel who incur higher costs than do materials and supplies. Both staff and parent feedback requested additional personnel support, however, due to funding restrictions this is not possible.

2. Students scored the highest in the Speaking Domain with 66.67% (20-21) and 44.74% (21-22) falling in the "Well Developed" range.
3. Students scored the lowest in the Writing Domain with 10.87% (20-21) and 4% (21-22) falling in the "Well Developed" range.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
732	49.6	11.1	0.5
Total Number of Students enrolled in Valley View Middle School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	81	11.1
Foster Youth	4	0.5
Homeless	7	1.0
Socioeconomically Disadvantaged	363	49.6
Students with Disabilities	113	15.4

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	17	2.3
American Indian	1	0.1
Asian	64	8.7
Filipino	28	3.8
Hispanic	270	36.9
Two or More Races	66	9.0
Pacific Islander		
White	228	31.1

Conclusions based on this data:

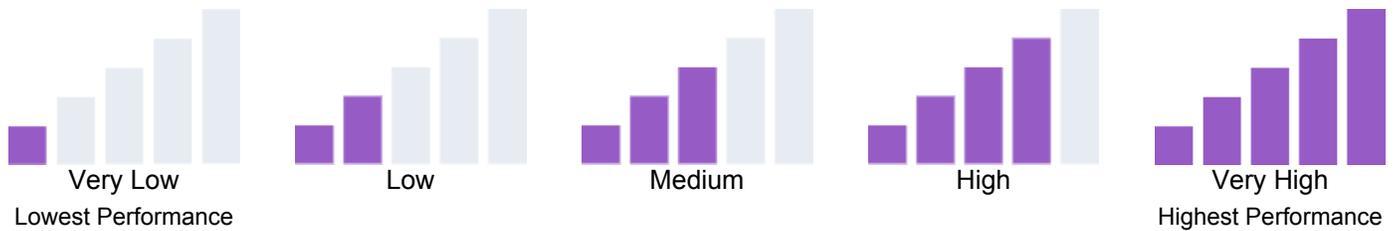

1. Almost half of the student population is considered Socioeconomically Disadvantaged.
2. Two student groups with significant populations are Students with Disabilities (15.4%) and English Learners (11.1%)
3. The largest racial/ethnic groups are Hispanic (36.9%) and students identifying as White (31.1%). There are small populations of American Indian (0.1%), African American (2.3%), and Filipino (2.8%) students.

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

- Overall performance fell in the Low Range in the areas of English Language Arts, Mathematics, and English Learner Progress.
- Chronic Absenteeism fell in the Very High Range.

3. Suspension Rate fell in the Medium Range.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Goal 1

LEA/LCAP Goal

All students will receive a high quality education in a safe and welcoming environment with equitable high expectations, access to technology, and instruction in the California State Standards that prepare them for college and/or career.

Goal 1

All students will receive a high quality education in a safe and welcoming environment with equitable high expectations, access to technology, and instruction in the California State Standards that prepare them for college and career.

Identified Need

Improve student learning as evidenced by academic performance on district benchmarks and state assessments. CAASPP scores: increase the percentage of students who are scoring "Standard Met" or above in Math and English Language Arts (ELA). Benchmarks: increase the percentage of students who are scoring "Standard Met" or above in ELA IAB/FIAB and Math MDTP. Increase number of Emerging Bilingual (EL) Re-designated as Fluent English Proficient (RFEP).

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
All students 6-8 on CAASPP	48% of students scored "Standard Met" or exceeded on ELA CAASPP 36% of students scored "Standard Met" or exceeded on Math CAASPP	Increase percentage of "Standard Met" or exceeded to 50% on ELA CAASPP Increase percentage of "Standard Met" or exceeded to 40% on Math CAASPP
Emerging Bilingual 6-8 on CAASPP	3% of students scored "Standard Met" or exceeded on ELA CAASPP 3% of students scored "Standard Met" or exceeded on Math CAASPP	Increase percentage of "Standard Met" or exceeded to 20% on ELA CAASPP Increase percentage of "Standard Met" or exceeded to 20% on Math CAASPP

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall the implemented strategies were effective for SEL improvements, and need more time to show academic effectiveness. Students benefited from the reorganization and addition of library books. Additional staff in campus supervision also improved safety and school climate especially during lunchtime. In addition many students sought out the campus supervisors for emotional support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Less funding was spent for culturally diverse materials than budgeted due to exploration and researching of appropriate materials.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Additional PBIS staff was added to support social emotional wellbeing and student activities. CAASPP data will also become more reliable with maintaining the 95% participation level.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Staff successfully engaged in PD/meetings focused on data review and equitable grading practices. Math department engaged in learning acceleration and priority standards PD.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Less funding was spent than was budgeted due to lack of release days for planning.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Math department will be engaging in Instructional Rounds and presenting to the full staff.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Well-attended Multi Cultural Family Night was co-hosted with the PTSA. PTSA created a Diversity Chair to help focus on outreach to a variety of families with diverse backgrounds. Two beautification days were hosted to address garden beds and prepare the Wood Shop to reopen. Volunteer outreach and training sessions were hosted to increase parent presence on campus. Parent-principal coffees held to provide space for parent input.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Increase the number of parent/family events.

Goals, Strategies, & Proposed Expenditures

Goal Subject

Goal 4

LEA/LCAP Goal

Focus scholars, specifically Black/African American students, Foster Youth, students experiencing homelessness, students with disabilities and emerging bilingual students, will experience culturally responsive practices and instruction, high expectations, equal access to educational opportunities, within an an educational environment that builds trust and inclusive partnerships between the students, parents/guardians and staff.

Goal 4

Focus scholars, specifically Black/African American students, Emerging Bilingual students, Foster Youth, students with disabilities, and students experiencing homelessness will experience culturally responsive practices and instruction, high expectations, equal access to educational opportunities, within an educational environment that builds trust and inclusive partnerships between the students, families, and staff.

Identified Need

Improve and build a school culture that is inclusive and welcoming for all students and families in the Valley View community. Assessment scores for the identified focus scholar groups have historically fallen below the average student score. Parent, student, and staff committees/groups have not been representative of the school community's demographics. Increased outreach and communication to focus scholar groups would improve home to school connection and build awareness of specific strategies and issues that need to be addressed.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Rachel Hagen	Classroom Teacher
Nicole Manasewitch	Classroom Teacher
Jacques Casamajor	Classroom Teacher
Corey Dolley	Classroom Teacher
Rachel Decker	Other School Staff
Karly Moura	Parent or Community Member
Maureen Rudolph	Parent or Community Member
Enrique Sanchez Osuna	Parent or Community Member
Laura English	Secondary Student
Ruby Harrigan	Secondary Student
Tess Dolley	Secondary Student
Aurelia Buscemi	Principal

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on .
