The Governing Board desires that all district schools provide a high-quality educational program that maximizes the achievement of each district student. 1. Identifying the district's strengths and weaknesses in regard to state priorities addressed in the LCAP, including collaboration between the district and County Superintendent to review performance data on the state and local indicators included in the California School Dashboard and other relevant local data and to identify effective, evidence-based programs or practices that address any areas of weakness
2. Identifying student subgroups that are low performing or experiencing significant disparities from other subgroups as identified on the California School Dashboard in order to identify and implement effective programs and practices to improve the outcomes and opportunities for these students
3. Securing assistance from an academic, programmatic, or fiscal expert, or team of experts, to identify and implement effective programs and practices that are designed to improve performance in any areas of weakness identified by the district

(Education Code 52071)

With the approval of the County Superintendent, the district may, at its own expense, engage another service provider, including, but not limited to, another school district, the county office of education, or a charter school, to act as a partner to the district in filling the district's need for technical assistance. (Education Code 52071)

If referred to the California Collaborative for Educational Excellence by either the County Superintendent or the Superintendent of Public Instruction (SPI), the district shall implement consider the recommendations of that agency in order to accomplish the goals set forth in the district's LCAP. (Education Code 52071, 52072, 52074)

If the Superintendent of Public Instruction (SPI) identifies the district as needing intervention, the district shall cooperate with any action taken by the SPI or any academic advisor appointed by the SPI, which may include one or more of the following: (Education Code 52072)

1. Revision of the district's LCAP
2. Revision of the district's budget, in conjunction with changes in the LCAP, that would allow the district to improve the outcomes for all student subgroups in regard to state and local priorities
3. A determination to stay or rescind any district action that would prevent the district from improving outcomes for all student subgroups, provided that action is not required by a collective bargaining agreement

In addition, any school identified by the California Department of Education for comprehensive support and improvement, targeted support and improvement, or additional targeted support and improvement shall develop and implement a school plan in accordance with 20 USC 6311. Such schools may be required to partner with an external entity, agency, or individual with demonstrated expertise and capacity to identify and implement more rigorous interventions.
