

CARES Expanded Learning Program Partnership with ProSolve LLC for Summer 2024 “QUEST Summer 2024”

Review and Potential approval to purchase the QUEST Summer 2024 Experience (<https://www.questboxes.com/>) modules from ProSolve LLC to support and enrich the summer year at all 21 CARES TK-8 schools. QUEST is a highly engaging classroom experience that focuses on developing students' critical thinking, creativity, communication, and collaboration and has been proven to increase engagement, strengthen emotional intelligence and build soft skills needed for college, career and life.

QUEST Summer 2024 Experience will provide in-person professional development for summer programming in May, as well as ongoing virtual support and program management. QUEST Summer 2024 Experience includes Facilitator online access to the digital interface, online teacher portal and implementation tutorial videos, online curriculum guides and rulebooks, online SEL resources, all inclusive QUEST game box, teacher resource kit, student consumables, and seven episode boxes per season with over 200 unique game items. The total purchase price for QUEST Summer 2024 Experience for 1,060 students across 21 sites is \$128,150.00.

Funding Sources are as follows:

- After School Education & Safety Grant (“ASES”, program 38710)
- Expanded Learning Opportunities Program (“ELOP”, program 27260)

Move to approve the purchase of QUEST Summer 2024 Experience from ProSolve LLC for the CARES Expanded Learning for Summer 2024 Program

CARES Expanded Learning Program Partnership with “QUEST School Summer” 2024 Summary

QUEST offers a unique and engaging experience to prepare students for the future. QUEST incorporates technology to engage students and educators, develops social and emotional wellness through team building challenges. The QUEST Summer 2024 Experience (<https://www.questboxes.com/>) is an innovative and connected solution that gamifies literacy, social/emotional awareness and active learning in a fresh, fun, and inclusive experience that keeps engaged from beginning to end. The QUEST Summer 2024 Experience is designed for 53 Quest Club cohorts with the physical and digital resources to support up to 1,060 students in CARES 21 TK-8 schools. The cohorts will be organized as follows:

- 18 elementary buildings will serve a primary (K-2) and intermediate (3-5) cohorts of players.

- 1 K-8 campus will implement a primary, intermediate and secondary (6-8) cohorts of players.
- 3 middle school campuses will serve a single secondary cohort of players.
