- Miscellaneous - Included

Concrete pocket depth - 2.5"

Installation to be completed by non-union subcontractor SofSurfaces USA.

**IMPORTANT**

This quotation has been priced based on the following realities:

1. At any point during the installation process, sofSURFACES Installation crews, or certified installation crews acting on behalf of sofSURFACES will have complete and uninterrupted access to the site until the construction phase of the project has been completed.

2. sofSURFACES will not be responsible for damages incurred to grounds throughout the installation process (this includes: concrete, grading, grass, gardens and/or plants, flowers etc.). It is understood by both parties that heavy equipment may be required in order to efficiently complete the project or gain access to the site.

3. sofSURFACES will not be held responsible for any ground repair needed and will make every effort to ensure that any property damage to the grounds is kept to a minimum throughout the duration of the project.

(Quoted value is subject to change upon notice of any ancillary costs. Additional costs may include [but are not limited to] required entry fees, special training, certifications, background checks and security clearances not previously identified as required or if the installation needs to be completed during weekend hours, within a very narrow window of time or under restricted special circumstances). A \$1,200/day fee will be charged for each day that our installers are on site after the agreed upon start date if the site is not ready for the installation to begin. A site features form, required photos request, completed dimensions verification form and elevation form request will be sent out for completion after the order is placed. These forms must be completed in full and returned no later than 4 business days prior to the scheduled installation start date otherwise the installation may be rescheduled to a later date at the discretion of the Installation Project Manager until said forms have been completed.

\*\*\*\*\*PLEASE NOTE: Should the sub base for your project be Compacted Granular, it MUST meet the following specification: (Type 1) 3/4 minus) compacted to 95% S.P.D. Not "clear" gravel.\*\*\*\*\*

# Tile Layout - Area N° 1 - Mount Diablo USD - Sequoia Elementary School

Area (Sq. Ft.): 2850

X \_\_\_\_\_ The material quantities proposed are based on this layout. If the layout is altered, this may influence the quantities needed for a successful installation. Please initial that you understand and agree.

Pallets: 10 Weight: 23773  
 Dealer: Peter Druck - Denver, CO  
 Shipping Options: Need Van, Residential Delivery

*This proposal reflects a prevailing wage / fair wage rate of \$82.32 (including fringe). Should the prevailing wage / fair wage requirement be determined to be higher or lower, a revised proposal will be required.*

*Upon timely completion of the project, sofsURFACES Inc. shall be entitled to, and shall submit a payment request for, the amount indicated herein. In the event that only substantial completion is accomplished (i.e., the site is usable but not completely finished), sofsURFACES Inc. shall be entitled to, and shall submit a payment request for, up to 95% of the amount indicated herein, allowing for the customer to reserve 5% until completion of the project, upon which time sofsURFACES Inc. shall be entitled to, and shall submit a payment request for, the remaining balance owed. Quoted value is subject to change upon notice of additional associated costs. Additional costs may include (but are not limited to) required entry fees, special training, certifications, background checks and security clearances.*

*15% Restock fee and shipping for plus tiles. No returns on premium tiles.*

*The drawings within this quote are based on measurements supplied to sofsURFACES and are not professional engineered drawings. It is the project manager's responsibility (not sofsURFACES or its dealer) to provide sofsURFACES with correct measurements and to ensure that all site specifications and site preparations (including without limitation slopes, ramps, and transition components) are compliant with local building codes, and prepared to sofsURFACES' requirements.*

*duraSAFE Plus Series tiles are manufactured utilizing recycled rubber. With aging and exposure to UV there is potential for carbon black-rub off. Please contact sofsURFACES for assistance.*
