#### Description

During this AP Pre-Calculus APSI, you'll explore the core AP resources that will help you plan and focus instruction for the year on the areas where individual students need additional support. You will complete the digital activation process at the start of the workshop to gain immediate access to the new resources and will help students prepare for AP Exams by the new fall deadlines. By attending this workshop, you will receive the following key takeaways, among several others: Understand the Course; Teach the Course; Assess Student Progress; and Engage Students. In addition, specific attention will be paid to the following: AP resources, AP guides, personal progress checks, AP teacher community, and AP Exams.
