Item & Description	Quantity	Unit Price	Total
Interactive Video Library - 10 Sites Each week the school site will receive 9 x videos (duration: 20min per video). Grades bands K-2, 3-5, 6-8 will receive their own videos. The links can then be sent for the students to access. Videos include Spanish subtitles and no individual login is required. Site staff can track	15	\$3,375.00	\$50,625.00

attendance, participation and interaction for each video.

During each lesson, the students will engage in a specific Social-Emotional topic and explore fun and engaging ways of gaining an understanding on this topic. The students will be required to be physically active as they play an activity in their own homes.

The expected outcomes include the following:

- An improvement in Social Emotional Learning skills
- An increase in the level of active participation in PE
- An improvement in teachers' job satisfaction and productivity
- An improvement in student engagement
