Mt. Diablo Unified School District

Executive Summary 2015-16 Adopted Budget

Public Hearing on June 22, 2015

Adoption on June 25, 2015

Background: In California, per Education Code section 42127 (a) (2), school districts are required to adopt a budget and file it with the county superintendent of schools within five days of adoption or by July 1, whichever occurs first. Mt. Diablo Unified School District has been working to update the budget – both current and long-range -- to present a document to the Board of Trustees for approval which is accurate, transparent, and understandable.

The steps to adopt the budget also include the governing board holding a public hearing in a district facility or some other public place conveniently accessible to residents of the district on or before July 1 of each year, which was occurred on June 22, 2015.

Per Education Code section 42127, the county superintendent shall do the following with what the district submits to them:

- Examine the adopted budget for compliance with the state standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance [E.C. 42127 (c) (1)].
- Determine if the budget allows the district to meet its financial obligations and is consistent with a financial plan that will enable the district to satisfy its multiyear financial commitments [E.C. 42127 (c) (2)].
- Ensures that the budget reflects the estimated unaudited actual revenues and expenditures for the year just ending. [E.C. 42103].
- Ensures that the budget reflects complete plan and itemized statement of all estimated revenues and expenditures for the next fiscal year as well as a comparison of revenue and expenditures for the current year [E.C. 42122].
- Ensures that the budget is on forms prescribed by the SPI [E.C. 42123].
- Ensures that the budget includes a general reserve to meet cash requirements [E.C. 42124].
- Ensures that the budget includes designations of fund balance. The designated funds are available for appropriation by a majority vote of the governing board [E.C. 42125].
- Review and consider studies, reports, evaluations, or audits of the district that contain evidence of fiscal distress under the standards and criteria or reflect three or more of the 15 most common predictors of a district needing intervention [E.C. 42127 (c) (2)].

Per Education Code section 42127 (d), the county superintendent shall approve, conditionally approve or disapprove the adopted budget on or before August 15.

General Information

This Executive Summary includes an overview of the financial data reported in the SACS (Standardized Account Code Structure) system for the time period July 1, 2015 to June 30, 2016, as well as additional information to assist in understanding the material being reported on the SACS forms.

School district budgets are not static, but instead are constantly being revised to respond to decisions at the state and federal levels, as well as to the expenditure needs of the local agency. Budgets should always be built based on the most up-to-date information. For the 2015-16 Budget, the most updated information to use is Governor Brown's May Revision to the 2015-16 proposed State budget, which was released on May 14, 2015.

The May Revision acknowledged a surge in state revenues and transfers of \$3.3 billion in the current year and a revised forecast of \$1.7 billion for 2015-16. Other proposed changes in the May Revision relative to the January budget include:

- Under Prop 98, a proposed \$772 million in maintenance factor payments remaining at the end of 2015-16. Once this is paid the state will have repaid an amount equivalent to the loss of funds imposed on K-14 education during the recession.
- Increased LCFF Gap Funding Percentage from 32.19% to 53.08%.
- Reduction in COLA from 1.58% to 1.02%.
- One-time discretionary funds of approximately \$601 per ADA for 2015-16
- K-3 grade span adjustment increased to \$737
- 9-12 grade span adjustment (CTE) increased to \$223

Because of the statutory deadlines, Mt. Diablo Unified School District must adopt a budget prior to the State adopting theirs, so our 2015-16 Adopted Budget is based on the May Revision data which could change once the Legislature adopts their budget.

As part of the adopted budget, the district is asked to project the general fund financial status through year-end, June 30. A multi-year projection is required to determine if the district will be financially solvent for the current, as well as two subsequent years.

The adopted budget also includes supporting reports such as the local control funding formula (LCFF) calculation, Average Daily Attendance estimates, and the Criteria and Standards report.

The next financial report will be a 45-day revision if significant changes occur once the state budget is adopted. Otherwise, the First Interim Report for the period ending October 31 will be presented at a later board meeting.

Financial Information

General Fund

The General Fund is used to account for the general day-to-day operations of the district. It is used for all financial resources except those required to be accounted for in other funds. It is divided into two sections, unrestricted and restricted. Restricted funds are monies received by the district that are categorical in nature, i.e., they can only be used for the purposes allowed by the funding agency.

Unrestricted Beginning Fund Balance

At this time the estimated General Fund unrestricted ending fund balance for 2014-15 is \$31,874,726 and is carried forward as the beginning fund balance in the 2015-16 year.

Unrestricted Ending Fund Balance

The 2015-16 projected General Fund unrestricted ending fund balance is \$40,901,190. This does not include the 2% required Reserve for Economic Uncertainties of \$6,210,107.

Restricted Revenues and Expenditures

Restricted revenue is recognized in two ways. For funding subject to unearned income (deferred revenue), the revenue is only recognized once it is spent. This means that any funds received and not spent are deferred into the next fiscal year. For funding subject to ending fund balance, the revenue is recognized in the year received and any funds remaining at the end of the year are recorded as a legally restricted ending fund balance.

The 2015-16 projected General Fund restricted ending fund balance is \$3,835,676.

Multi-Year Projections (MYP)

Districts are required by law to project revenues and expenditures for the budget year and the two subsequent fiscal years. In order to make multi-year projections, districts rely on a variety of assumptions and sources of information available at the point in time the projections are created.

The further into the future a projection is made, the greater the likelihood that the variables used to create the projection will deviate from assumed values. The additional challenge comes in trying to estimate changes in expenditures that are likely but not yet known with certainty, and to build in flexibility for contingencies. Some of these risk factors include:

- Costs associated with implementing locally established priorities as documented in the LCAP.
- Costs associated with providing increased or improved services to address the minimum proportional percentage (MPP) requirements.
- Costs associated with maintaining programs that were previously funded with categorical funding and now must be funded with unrestricted funds if they are to continue. Examples include instructional materials, CTE, deferred maintenance, etc.

- Increases in PERS contribution rates – Recent actuarial forecasts from CALPERS have projected employer contribution rates to rise as high as 19.90% for the schools’ pool by 2020.
- Increases in STRS contribution rates – No legislation has passed which would halt, or at least, slow the increases expected over the new few years.
- Increased administrative costs associated with the Affordable Care Act and AB1522 (new sick leave legislation) including staff time and possible penalties, fines and taxes.

The multi-year projection for the 2015-16 Adopted Budget uses the assumptions published by School Services of California for the development of revenue projections.

Expenditure projections include estimated step and column increases, negotiated health and welfare increases, and general operating increases such as utilities. Supply and service expenditures utilize the California Consumer Price Index as an estimate for cost increases.

The following are the specific assumptions used for the development of the multi-year projections for the District:

Next Steps

The Governor's May Revision to the State 2015-16 Proposed Budget includes increased funding in 2015-16, however there is a substantial amount of one-time funding. With the outlook for K-12 education funding looking optimistic, our district needs to remain vigilant of the level of deficit spending to ensure the District's continued fiscal solvency. We will thoughtfully incorporate any additional resources available to implement the Local Control Accountability Plan (LCAP) prioritized goals; College and Career, Parent/Family & Community Engagement and Professional Learning and continue to analyze the balance between costs and available reserves as we work to increase student achievement and enrich our school environments.

Recommendation

Approve the 2015-16 Adopted Budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA
3.0%	0 to 300
2.0%	301 to 1,000
1.0%	1,001 and over

District ADA (Form A, Estimated P-2 ADA column, lines A6 and C9):

District's ADA Standard Percentage Level:

1A. Calculating the District's ADA Variances

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

It is likely that for many districts the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.
